Subject: Briefing Request by HPSCI Staff

HPSCI staffer Bob Surrette, who is the Committee's budget examiner for the IC Staff, would like to set up a briefing with you to discuss the SIGINT Committee, its charter, activities, membership, etc. This is another in a series of basic informational briefings that Mr. Surrette has periodically scheduled with the major Committees on the IC Staff.

He would like to schedule this for sometime during the week of 14 July or thereafter. Can you give me some times that are good for you?
